AN INTRODUCTION TO FUTURE POWER TECHNOLOGY

THE MAGAZINE
At Future Power Technology we supply our readers from the power industry with all the latest business news and insights in a visually stunning and easy to use format. Instead of going with the traditional, print B2B magazine style of heavily text-led editorial pages, we have chosen to design our publication in a bold, bright and beautiful way that pleases the eye while giving our business-minded readers all the facts, data and analysis they expect from an industry magazine. Throughout 2017 we have seen a strong growth in readership and members on our social media communities. The magazine has been free across both web and iPad versions since 2015, dramatically increasing our downloads. Into 2018, we continue to develop exciting plans for the publication, for the benefit of our readers and advertisers alike.

AN ESTABLISHED BRAND
Future Power Technology is one of 13 digital B2B magazines produced by our in-house team of dedicated writers, editors and designers. Originally launched on the Zmags platform in 2011, with a completely overhauled iPad version launched in April 2014, FPT has evolved into a title that pushes the boundaries of digital publishing. The platform offers our clients the opportunity to increase customer loyalty and build a stronger brand by delivering their message to a valuable readership, in a unique, engaging and interactive way. As part of a large business intelligence company, our publication analyses and anticipates industry trends, giving our readers truly timely and valuable news and analysis.

WHAT WE CAN DO FOR YOU
Whether you want to increase brand awareness, deliver a complex message or launch a new product, our digital magazine provides the perfect creative medium to communicate effectively with your audience in a fresh and engaging way. valuable news and analysis.

EVERY EDITION IS...
+ Intuitively designed for an immersive user experience
+ Filled with in-depth, timely and informative editorial content
+ Delivered to a targeted audience through a powerful combination of distribution channels
= A UNIQUE WAY OF POSITIONING YOUR PRODUCTS
READERSHIP: OUR POWERFUL AUDIENCE ENGAGEMENT STRATEGY

A WORLDWIDE REACH
We can help you communicate directly with the global power industry: Our loyal readership is made up of executives, senior managers and buyers from across the globe.

Future Power Technology moves away from targeting an audience through traditional distribution lists. We use our dedicated database as just one branch of a powerful combination of distribution channels, which deliver the publication and your message out to tens of thousands of the right readers, every single month.

- **PUSH MARKETING**
  - Internal promotion throughout the wider business intelligence company’s portfolio of products including events and intelligence websites
  - We work with leading tradeshows and conferences to promote the magazine through dedicated emails, branding on websites and marketing materials, and presence at the event

- **INDUSTRY PARTNERSHIPS**
  - A strong partnership with the Sustainable Energy Association, who write for the publication and distribute the publication to their membership

- **ACCESSIBILITY**
  - Push notification marketing directly to our readers’ iPads
  - Regular press releases raise awareness of the magazine and promote specific content

- **SISTER WEBSITE**
  - All of our issues are archived, allowing readers to access past editions
  - Every edition is completely free to read, with no paywall or sign-up needed

- **TARGETED DATABASE**
  - Sent directly to the inboxes of over 36,000 power professionals...
  - ...through our industry specific database built up from the wider business intelligence company over the last decade

- **SOCIAL MEDIA**
  - Featured weekly in newsletters sent to over 10,400 contacts
  - Regular updates on our popular Twitter profiles direct followers to the magazine
  - Image galleries and news are posted on Facebook

- **DISCUSSIONS**
  - Allows for interaction with our readers to deliver the content they want
  - Discussions on our active LinkedIn group

- **FUTURE POWER TECHNOLOGY**
  - Regular articles on the website push readers to the magazine
  - Links to the magazine on the homepage and on dedicated sections on the site
  - Featured weekly in newsletters sent to over 10,400 contacts
  - Promoted throughout our sister site - power-technology.com – a leading website in the industry with a global audience of over 218,000 users a month.
OUR CONTENT WILL TRANSFORM YOUR CAMPAIGN

We remain dedicated to providing timely, in-depth industry analysis for our readers, meaning your advertisement will be placed alongside valuable editorial content consumed by a loyal readership.

- We are **objective and unbiased**. We produce content for our readers, giving our publication authority and credibility: Our editorial is editorial; not advertorial.

- Our content is **news-focused**, reporting and analysing what’s happening right now in the industry. Moving away from the traditional B2B practice of primarily covering product-based and content and company press releases, we are dedicated to providing unique editorial content that **reacts to the ever-changing industry landscape**. This results in a fresh magazine full of timely analysis tailored to the interests of decision-makers who need to stay informed.

- This calendar shows a selection of topics we have planned in advance for the year. Remember, we aim to be reactive so our content plans are subject to change in order to accommodate key developments in the industry. We publish detailed plans for each issue three months ahead of the publication date.

**ADVERTISING OPTIONS: YOUR INTERACTIVE ADVERT**

**BRINGING YOUR VISION TO LIFE**
All of our advertisers benefit from our in-house design team’s expertise in creating beautiful and engaging adverts, allowing you to show off your brand with maximum impact. Our designers work directly with each client to create an advert that is tailored specifically to the client’s requirements. From video ads to animated product galleries, and from stunning minimalist pages to complex interactive adverts with website-style in-article navigation – our designers have built it all.

**MULTI PAGE ADVERTS**
Our multi-page option gives you the freedom to add extra pages on a vertical scroll, allowing you to combine additional text, images, interactive elements or video content to create a package to suit your brand’s needs.

**INTERACTIVE LEAD PAGE**
Full page advert with interactive elements and optional video content, linked to your website and/or app.
- Engage and inform potential clients
- Maximise brand visibility
- Increase brand awareness
- Generate new sales leads
- Drive traffic to your website
- Measure ROI

**ADDITIONAL SCROLL PAGES**
To maximise the impact of your interactive lead page, adding further pages (on a vertical scroll) to your lead page creates additional space for your brand message and interactive multimedia content. Encourage the reader to scroll down through up to 7 pages to explore your products in more detail. Additional pages can include text, video, picture galleries and interactive elements.

**TESTIMONIAL**
Thanks to Future Power Technology we have moved from flat, static adverts to visually stunning, interactive adverts showcasing our products in an innovative way to the audience we want to reach. Future Power Technology are a turnkey solution for us, listening to our many ideas and truly turning our vision into reality. The team have achieved everything we have proposed, with a fast turnaround time and proactive can-do attitude. Future Power Technology’s global and future-orientated content, which we ourselves use to discover new opportunities, is the perfect fit for our company, and their database allows us to make the right connections in the power industry. Through our advertisements we have reached a far greater audience, and are experiencing a far greater level of engagement, as seen in our metrics. Future Power Technology have allowed us to tackle the challenge of ‘digital’ and we plan to expand our work with the platform over the coming year. **Multi-Contact USA**

Please submit your advert according to the following specifications.
If you need further information, please contact your client services executive and we’ll be happy to help.

YOUR CONTENT
The company insight article is an opportunity to share information about your company’s expertise and services with your peers. Aim to write a general introduction before moving on to more in depth details about a particular product or service that you offer. Bear in mind that a highly technical piece is inappropriate for the readership and the publication as a whole.

The article will be labelled ‘Company Insight’. We will lay the page out with a headline, stand first, main text, pull quote, contact details and supporting elements such as tables or images. You can write the article in prose form, or in a questions & answers style.

ARTICLES MUST BE:
• Informative: they must add to the knowledge base
• Original: they should not, ideally, have been published previously
• Appropriate for the readership in terms of register and tone

PLEASE BEAR IN MIND THE FOLLOWING POINTS:
• The maximum word count for the article body is 800 words. In addition, please supply a headline, stand first (introduction to the article, up to 50 words) and captions for your images.
• We encourage you to submit up to three supporting elements such as images and tables as this will make for a more visually interesting page.
• We will not publish company logos in these articles.
• The sub-editor will cut anything they consider inappropriate, irrelevant, libellous etc.
• They will also correct grammar and spelling, and may restructure the article if necessary.
• All text must meet our house style to ensure quality and consistency.
• Contact details will consist of your company name and up to two further pieces of information, for example website address, telephone number or email address.

ISSUE SPONSORSHIP
If you have purchased a full issue sponsorship as part of your package, please supply your company logo in .eps format in addition to the other materials.

SUBMISSION:
• You can submit your article by email in a Word document.
• Please provide all images in .tif, .jpg, .png or .eps format at high resolution (minimum of 300dpi).
• All images must be supplied as separate image files. We can’t accept images embedded in Word documents or Outlook messages as the image quality would not be sufficient.
• Please email materials to copy@pmgoperations.com
• Please note: our email gateway will block emails if they are over 8MB. If your files are too big to submit by email you can upload them via a file sharing service (for example www.wetransfer.com or www.dropbox.com)

POST SUBMISSION
You will receive a fully laid-out proof of your article for review prior to publication.

We reserve the right to return articles that do not meet the standards of the publication.
ADVERTISING SPECIFICATIONS: SOCIAL MEDIA SPONSORSHIP

Please submit your advert according to the following specifications.
If you need further information, please contact your client services executive and we’ll be happy to help.

THE PACKAGE INCLUDES:
• 4 Tweets, posted on the publication’s Twitter account at a rate of one per week, starting with the issue publication date
• 1 Facebook post, posted on the publication’s Facebook page one week after the issue publication date
• 1 LinkedIn discussion, posted on the publication’s LinkedIn group two weeks after the issue publication date

MATERIALS REQUIRED
Please note the word limits are due to each social media platform’s requirements and cannot be exceeded. If copy exceeds the word limit it will be shortened to fit by our editors.

• Tweets
Please supply copy for 4 Tweets. Word limit: 136 characters per Tweet. If you are including images, please use .jpg files and indicate which Tweet they belong to. Note: Including a URL will use up 22 characters. Up to 4 images can be included in each Tweet; each image counts as 23 characters.

• Facebook
Please supply up to 500 words of text. Optional: You can include up to 10 images, and a caption of up to 200 words for each image.

• LinkedIn
Please supply a subject line of up to 200 characters and a message of up to 4000 characters. A URL can be included. Images cannot be included.

SUBMITTING YOUR COPY
• Please submit your materials to copy@pmgoperations.com
• Please note: our email gateway will block emails if they are over 8MB. If your files are too big to submit by email you can upload them via a file sharing service (for example www.wetransfer.com or www.dropbox.com)
• All materials for the package must be received by the copy deadline. If the materials are not complete by this date, we will be unable to fulfill the package.
